

AT DANVILLE.

Recent Deaths.

Benj. Frank Badger died Wednesday morning after a long illness. Mr. Badger was born in Danville in June, 1830, and has always lived here. He enlisted in Co. G, 31st Vt., being the second man from Danville to enlist. He served through the Peninsular campaign and was captured at the battle of White House Landing and confined in Libby's prison, from which he was exchanged after a confinement of two months. Rejoining his regiment, he took part in the battles of Fredericksburg, Gettysburg, Antietam and the second Bull Run, serving in all three years and four months without receiving a wound. Returning to Danville, he married Ellen Chapman and settled on a farm. Mrs. Badger died seven years ago, since which time he has made his home with his nephew, Henry Newell, where he has been tenderly cared for. Mr. Badger is survived by one brother, Charles Badger of this town, and leaves also a sister, Mrs. N. Badger, and two daughters, Mrs. Ora Frost of Middleboro, Mass., and Mrs. Mary LeBaron of Passacon, R. I. Prayers were held at the house and a service at the Methodist church.

Henry Hooker, a former resident of Danville, and a brother of George Hooker of this town, died in Cambridgeport, Mass., March 18, aged nearly 80 years. Mr. Hooker will be well remembered here though he has for many years been a resident of Cambridgeport, where he was of the firm of Morrill & Hooker, machinists, and had accumulated a large property.

PEACHAM.

A union service was held Sunday evening in the Methodist church. This was the last service of Rev. Clark Wedgeworth who goes this week to conference. He has purchased a place in Swanton, where he expects to make a permanent home in future. Miss Agnes Wedgeworth, his invalid daughter, goes this week to the Mary Fletcher Hospital in Burlington, where her many friends hope she may be restored to comparative health. During the two years she has been with us she endeavored herself to all who have been privileged to know her, always cheerful, never speaking of her own ailments which were many; she was interested in everything worthy of interest, and though confined to the house, and most of the time to her bed, she has been a help and an inspiration to all. Miss Caser, her father's housekeeper and sister's nurse, has with her music and other talents been a help in the church they can afford to spare, and one whom all will regret to lose.

News has recently come of the death of Mrs. Carren Sturtevant at her home in Iowa, the 24th of March. She was a sister of Mrs. John Varman, and a former resident of Peacham. She has been in failing health for many years, but her friends did not realize how frail she was and hoped she might live many years. She leaves a husband, four children, several grandchildren, three sisters and a brother, besides a large circle of other relatives and friends.

At the thank offering meeting of the Ladies' Missionary Society last Friday twenty-one ladies were present, and it was fully decided to take up the study of Via Christi and subjects were assigned for papers at the meeting in May.

Misses Annie and Susan Williams go to their school Wednesday, the 9th. Misses Annie and Eliza Adams will graduate at close of this term.

The lyceum at academy hall Friday evening was one of unusual interest and a large audience of older people were present. The question, "Resolved that to accept Mr. Gillilan's gift will benefit the town," was ably discussed by both sides. Of course the question was decided in the affirmative, for the negative was short of material to work with.

The farm formerly owned by Wm. Graham, later by his son John and more recently by Martin Rowe, at the sale the 25th, was bought by Horace McClary of Windsor.

Charles Magoon has gone to Passumpsic where a blacksmith shop has been offered on very good terms. His wife expects to move there about the 20th of this month.

The Great Dismal Swamp

Of Virginia is a breeding ground of Malaria germs. So is low, wet or marshy ground everywhere. These germs cause weakness, chills and fever, aches in the bones and muscles, and may induce dangerous malarial fevers. But Electric Bitters never fail to destroy them and cure malarial troubles. They will surely prevent typhoid. "We tried many remedies for Malaria and Stomach and Liver troubles," writes John Charleston of Byesville, O., "but never found anything as good as Electric Bitters." Try them. Only 50c. Flint Bros. guarantee satisfaction.
